(Designation) Director of Fisheries.

To The Secretary to the Government of Madras,
Development Department.

Sir,

Ref. Development Memorandum No. 5980-III/32-1 dated 8-9-32.

The Fisheries school at Kirimanjeshwar ~~school~~ has a strength of 81 pupils distributed among 5 classes as shown below:--

	Boys.	Girls.	Total.
I.	26	8	34
II.	11	3	14
III.	11	1	12
IV.	7	3	10
V.	10	1	11
	65	16	81

The Vth standard has not been recognised and as the present strength of the class is 11, the Assistant Director (Coast) has asked the Inspector of Fisheries, to apply for the recognition of the class. The Deputy Inspector remarked at the time of his inspection of the school in March last that recognition might be applied for the Vth standard. The school is at present handled by two teachers. When the application for the recognition of the Vth standard is received, the educational authorities are likely to object to recognition being granted owing to inadequacy of staff. I request that the Government will be pleased to sanction the appointment of an additional teacher for this school.

2. The teacher has to be appointed before the application for recognition goes to the District Educational Council and hence provision has to be made from about 1st November 1932. The expenditure involved in the current year will be Rs. 100/- for pay of the teacher and Rs. 1/- as special pay for the Headmaster. The ultimate cost of the proposal will be Rs. 474/-

I have the honour to be,

Sir,

Your most obedient servant,

B. [illegible] Rao

Director of Fisheries.

Sir,

Ref. My letter No. 2127-C/32-2 dated 13-9-32.

In my letter quoted above, I have asked for the employment of an additional teacher in the Kirimanjeshwar Fisheries school as an urgent scheme. As I understand that the proposal has not been sanctioned I request that the same may be treated as a part II scheme for 1933-34. A statement of expenditure involved is appended.

Education - Kurumbas School - Additional teacher - appointment

From the DF Ref 2127 C/32-2 dt 13.9.32
From the DF 2127 C/32-3 dt 31.10.32

To Asst Secy

The DF has submitted proposals for the employment of an additional teacher in the Kurumbas School as a Part II scheme for 1933-34

2) This School was opened in 1928 with a staff of two teachers & retention up to 1-4-33 ~~has been~~ sanctioned in Govt 197 Dev dt 11-2-31. The strength of the school since 1928 is given below

630 (P) 2.4.28

(P)

p1 of Govt 1725 (T) two of	September	1928 - 47
p2 of Govt 1726 (T) 10.10.29	July	1929 - 62
p107 of Govt 1875 2.11.31 (J)	September	1930 - 74 — Govt not passed
	~~September~~ November	1931 - 78
p1 CF removed	September	1932 - 81

3) The rules regulating the number of pupils in a class in an Elementary School and the number of teachers

To be employed are extracted below:-

2. Rule 6 of the rules framed by the Local Govt. under Sec 4.1(2) of the Elementary Education Act

There shall be at least one regular teacher for every 40 pupils on the roll While the number of pupils is to be in all cases the maximum permissible it is desirable that there should be a teacher for every 30 pupils"

Rule 71 p13 of Madras Education al Rules

Rule 18 of the Madras Educational Rules

No additional pupil shall without the sanction of the District Educational Officer be admitted to a class where there are already 40 pupils upon the rolls in that class unless the class thereupon is divided into Sections No section of a class shall have more than 40 pupils upon the rolls

Rules issued by the District Education Council of Malabar

No single teacher School shall with effect from 1-4-29, have more than three Standards or an aggregate strength of more than 40 pupils

except with the approval of the inspecting Officer concerned and in all other schools not more than 2 classes the aggregate strength of which is 40 or less shall be handled by one teacher.

In Govt. 748 Law Edn dt 26.4.30 it is laid down as follows:-

One teacher may ordinarily be required to handle 30 pupils in any one standard 20 in any two standards 15 in any three standards and 10 in any four standards. The maintenance of a single teacher school is deprecated.

4/ Considering the proposal of the D.F. in the light of the rule extracted above there seems to be justification for the employment of an addl teacher in the school. It seems sufficient to make provision for him for 9 months in 1933-34

A draft note to the finance committee is submitted for approval. If may be sent to Fin for acceptance & for adding their note to it

Finance (E.T.).

The fisheries school at Kirimanjeshwar (which is being continued since 1928 on a temporary basis) has at present a staff of two teachers on Rs.25-1-50 each - please see para 5 on page 49 of G.O.630 Dev. dated 2-4-28. The total strength of the school has been steadily increasing since 1928 (please see figures on page 1 ante) since when it has had four standards

2. It is now proposed to obtain recognition for the V standard already opened by the Fisheries department provisionally in that school, and to employ an additional teacher on a temporary basis in that connection. As the employment of the proposed additional teacher is necessary under the rules if the V standard is to be continued, submitted that this department may agree to the employment of that teacher. The draft note for the Finance Committee may be accepted, the note by the Edn. Department being as follows:-

"The proposal may be placed before the Finance Committee as a Part II Scheme for 1933-34"

NOTE FOR THE FINANCE COMMITTEE.

PART II SCHEME FOR 1933–34.

[SUBJECT.—*Fisheries School—Kirimanjeshwar—Additional teacher.*]

Summary.

Head of Account.	Item of expenditure.	Ultimate cost.	Cost in 1933–34 (9 months).
		Rs.	Rs.
35. *f* Industries—Fisheries—Transferred—Fisheries Schools—1 Pay of Establishments—Voted—(Temporary).	One teacher on Rs. 25—1—60 (36½).	433	225
	Special pay to the Headmaster ..	12	9
		445 or Rs. 100 (round)	234 or Rs. 200 in round figures.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Fisheries elementary school at Kirimanjeshwar was opened in 1928 with 47 pupils and 2 teachers. There were four classes in 1929. A fifth class has been opened. The strength of the school has increased to 81 divided among the several classes as shown below:—

Standard.	Number of pupils.
I	34
II	14
III	12
IV	10
V	11

2. The Director of Fisheries asks for an additional teacher on the ground that the fifth standard has not yet been recognized and that the Educational authorities are likely to object to recognition being granted owing to inadequacy of staff.

3. This department considers that it is not possible to manage the school with its present strength of pupils distributed over four classes with only two teachers and that a third teacher is necessary. It proposes to include a provision of Rs. 200 in the Budget Estimate of 1933–34.

S. H. SLATER—14–11–32.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be placed before the Finance Committee as a Part II Scheme for 1933–34.
